## Northern Feedback for Ontario Economic Agenda Report (<http://www.country1043.com/2015/01/29/northern-feedback-for-ontario-economic-agenda-report/>)

Posted on January 29, 2015 by [john.murtha](http://www.country1043.com/author/john-murtha/)

The Northern Policy Research Institute is working with the Mowat Research Centre in providing a northern perspective to assist with finalizing a discussion paper titled 'A Federal Economic Agenda for Ontario'. The Institute has been gathering input from northerners and that included a consultation session held on Wednesday here in the Sault with community leaders. Northern Policy Institute President Charles Cirtwill says there are top of mind issues being heard across the province...

Cirtwill says 2 of 3 priority issues being heard in the northeast match what's being heard in the northwest and in the south and number one is infrastructure...

Cirtwill says a concern that has been raised in the northeast but not as much in the northwest is FedNor and an apparent disconnect with northeastern communities...
